## Financial Statement Analysis – Planning and Control 2

## Examination

We remind that students can take examination <u>only</u> according to the following <u>alternative</u> two options:

- 1. **OPTION 1** Examination divided into two parts:
  - a) Intermediate examination: written examination on topics presented within the first 8 lectures of the course (already held);
  - b) final examination:
    - written examination at the end of the course on the <u>remaining topics</u>;
    - held on a special session: 31<sup>st</sup> of May, from 9:00 to 11:00;
    - open only to those students that have passed the intermediate examination or that has gained, at least, 15 points.
    - 36 points will be available for the second part, in order to allow those students that have not gained a satisfactory result in the first part to improve their average final mark.
    - structured as following:
      - Open questions about the main topics of the course
      - Exercises: application of tools and techniques for financial statement analysis.
- 2. **OPTION 2** Final <u>comprehensive</u> examination: written examination <u>on the whole course</u> <u>program</u>. Students who:
  - have not taken the first of the two-part examination, or
  - have failed the first of the two part-examination (option 1), or
  - desire to improve their marks,

may take the final comprehensive examination. It will be held on **31<sup>st</sup> of May, from 9:00 to 12:00**, simultaneously with the second part of the intermediate examination. The final comprehensive examination will be structured as following:

- Open questions about the main topics of the course;
- Exercises: application of tools and techniques for financial statement analysis;
- Multiple choices.

## The two examinations will differ in terms of contents and length.

## Tutorship
